The RM-WLF wideband Series are 3 dBi gain broadband antennas. A ground plane is recommended for best performance. These antennas will operate over the entire 694-894 MHz spectrum, along with 1.7-2.7 GHz high frequency spectrum.

The RM-WLF requires a 5/8" hole (16 mm) for mounting and is outfitted with a gasket for weather sealing. The RM-WLF-DN is available with a direct N Female connector.

A magnetic mount version is available in the MGRM-WLF. This model provides all the same performance as the RM-WLF, with a powerful magnet for less permanent installations.

For glass mounting, Mobile Mark's MMF3-WLF antennas provide a no-hole installation. This model has two mounting/ transfer plates that attach to the inside/outside. They attach using field proven 3M double sided tape.

The short flexible whip on the MMF is fixed in the vertical position and never needs to be removed.

700 MHz Surface, Mag-Mount

- Wideband RM models operate on 700, GSM, AWS, 2.4 WiFi & 2.6 WiMAX
- Surface and mag-mount models handle up to 35 watts
- Window Mount model installs easily to window with 3M tape

	Model #	Frequency	Description
	RM-WLF-1C-BLK-12	694-894 MHz & 1.7-2.7 GHz	Body Mount
-	RM-WLF-DN-BLK	694-894 MHz & 1.7-2.7 GHz	Direct N Jack (Female)
DN	MGRM-WLF-1C-BLK-120	694-894 MHz & 1.7-2.7 GHz	Mag Mount
LF,	MMF3-WLF-1C-BLK-180	694-960 MHz & 1700-2160 MHz	Glass Mount
g/	RM-MK NT-MK	Optional pipe mounting kit Universal wall/pipe mounting kit	
	Color options RM & MGRM MMF3	WHT-White or BLK-Black BLK-Black	

Specifications			
Frequency:	See above	RM Stud Depth:	Mount to 1/2" metal (12.7 mm
Gain:	3 dBi peak gain	Operating Temp:	-40° to +85° C
VSWR:	2:1 max over range	Hardware Supplied:	
Nominal Impedance:	50 ohms	RM Stud Mount	Locknut and gasket
Maximum Power:		MMF Glass Mount	3M tape
RM & MGRM	35 Watts	Cable:	
MMF	10 watts	RM-WLF-1C	1 ft RG-58 (305 mm)
Antenna Size/Mount:		MGRM Mag	10 ft RG-58 (3 meters)
RM Series	1.75"D x 3"H, 5/8" hole required	MMF3-WLF	15ft RG-58 (4.5 meters)
	(45 mm x 76 mm, 16 mm hole)	Standard Connector:	SMA Plug (Male)
RM-WLF-DN	1.75″D x 3″H x .63″ hole	DN Connector:	Direct N Jack (Female)
	(45 mm x 76 mm, 16 mm hole)	Shock & Vibration:	
MGRM Mag	2.65" base x 3.62" high	RM & MGRM	EN 61373, IEEE 1478, MIL
	(67 mm x 92 mm)	810G	
MMF3-700	2" dia. Mount, 3.75"L Whips		TIA-329.2-C
	(51 mm dia, 95 mm)	Dust/Water Ingress:	RM:IP67, MGRM:IPx5
Case Material:	RM, MGRM: ASA; MM3: ABS	5
